

BECOME A PART OF HISTORY AT WYANDOTTE!

Wyandotte High School Community Courtyard Project

We, the Parent, Teacher, and Student Association, invite you to join Wyandotte High School and our vision of transforming an ordinary outdoor courtyard into a beautiful and productive area that can be used for alumni gatherings, classroom activities and special performances by our students, sculpture displays, and more!

Our courtyard would consist of twenty-two table and chair sets, sitting atop of 22, 12' x 12' mini patios. Each of the patios would be made up of 12" brick pavers.

In order to turn this dream into a reality, we are asking for donations from businesses, organizations, alumni, churches, and members of our community. In return for your donation, we will place a brick paver in the new courtyard with your name and the date to commemorate your graduation, your student's graduation, or another significant date. Minimum donation to purchase these pavers is \$15 each.

Why are we asking for your support? We want to give our students a sanctuary of their own and the confidence that their community does care about them and their school.

Where will the money be going? Your donations will be used to purchase construction materials for the mini patios, on which patio sets will be placed. Students and teachers will actually build the patios. In return, your name will be memorialized in the courtyard.

TO ORDER:

Name to be put on paver: _____

Date to be put on paver: _____

Each paver sold for \$15. Payments made to Wyandotte High School

(Wyandotte Courtyard Project)

2501 Minnesota Ave.

Kansas City, KS 66102
