

The Writing Center
Wyandotte High School

DON'T KNOW HOW TO START?
DON'T KNOW WHERE TO REVISE?
DON'T KNOW HOW TO END?

*Start to Finish, First Word, or
Polish - we can help!*

“The Writing Center helps students understand how they can improve, fix, or change the way that they write their papers. We're not here to correct their papers, or do it for them. We're here to help them with what they are struggling with, and give them advice on how to write a paper. It is up to the student whether or not they want to use that advice. Just because a student comes to the Writing Center, it does not mean that they are going to leave a perfect writer.”

Student tutor responding to: “How would you answer a staff member who says, ‘I’m not sending any of my students, the last one I sent had all kinds of mistakes in his paper?’”

Mission Statement: We believe that all writers can improve, regardless of where they start. The Writing Center offers students a comfortable environment for the writing process, along with options, questions, and advice.

What We Offer: One-to-one student tutoring
Proofreading techniques
Grammar support

Goal: We hope that everyone who visits the Writing Center will gain confidence in his or her ability to write. We aim to remove the stigma attached to the writing process through conversations about writing, as well as assistance with the mechanics that limit progress.

Who We Help: Any student with a writing assignment, regardless of where they are in the process... from forming a thesis statement through polishing the final draft. We accept all writing assignments from all subjects as well as scholarship essays, cover letters, and resumes.
